WHAT DO I NEED TO DO?

- Attend the Torquay Surf Life Saving Club on the day and time of your appointment
- Ensure you have completed your online consent form prior to arrival
- Following a short consultation with one of our Nurses you will receive your flu vaccination
- Participants will be required to remain on the premises for 15-minutes post vaccination to monitor for any adverse reactions

AHP is a locally based onsite health provider. The vaccination clinic will be hosted by our friendly and experienced team of accredited Nurse Immunisers who will provide vaccinations to participants in a safe and controlled environment. All vaccinations administered will be recorded on the Australian Immunisation Register as per Australian Government Department of Health guidelines.

Our team will continue to implement a series of strategies to ensure the safety of our participants and our health practitioners. We will have additional infection control precautions in place on the day of the flu clinic and we ask kindly for your cooperation and understanding throughout this process.
